

AOC Gros Plant du Pays Nantais sur Lie

The production of the **AOC Gros Plant du Pays Nantais sur Lie**, made from the grape variety «Folle Blanche», remains limited at Domaine Martin.

The grapes, on this pebbly gneiss soil, are mechanically harvested, right after the Muscadet.

The robe is light and brilliant yellow.

Winemaking « **on lees** » enhances its iodized aromas, oceanic freshness and citrus notes.

The **Gros Plant du Pays Nantais sur Lie** is a refreshing, slight «pearlwine», with only 11 % Alc. Vol., and is typical of our region.

Bottle: 75 cl

Area: Loire Valley

Type of wine: dry white wine

Grape Variety: 100 % Folle Blanche.

Winemaking: on lees for at least 8 months
